while studying the astrological birth charts of all the us presidents i discovered that those of the thirteen modern us presidents from franklin roosevelt to barack obama all had the natal sun the planet most associated with ones basic identity making an aspect certain designated degrees between two planets to their natal neptune this was surprising since i would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on the sun mars aspect but not on the sun neptune aspect what i discovered in my research was that good politicians are not warriors sun mars per se who use the techniques of warfare to muscle their way through adversity rather they are good actors sun neptune who are essentially chameleons sun neptune operating in the foggy neptune realm of subtlety neptune and seduction using their sensitivity neptune and charm neptune to serve their intuitive neptune sides to try to achieve their goals it became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward the sun in aspect to neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents i was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives after all it seemed to be almost a prerequisite for being elected to the modern oval office

toni morrison the eighth american to receive the nobel prize in literature is perhaps the most formally sophisticated novelist in the history of african american literature astutely she describes aspects of human lives and unlike many other writers reveals the hope and beauty that underlines the worlds ugliness her artistic excellence lies in achieving a perfect balance between black literature and writing about the universally truth although firmly grounded in the cultural heritage and social concerns of black americans her work transcends narrowly prescribed conceptions of ethnic literature exhibiting universal mythical patterns and overtones her novels thus mourn on universal concerns the endeavor in this study is to scrutinize the unspoken lexis of toni morrison s works and to unveil the layers of humanistic concerns that provide denotations to her words earlier studies on this writer have concentrated on adjudging her as a writer addressing problems of black people however this book tries to extend this notion to encompass the problems of whole human

community by assimilating blacks in the general drama of life before dyeing the strings of Morrison's novels with the colour of humanist concerns this book delineates the term humanism from which these humanistic concerns arise

excerpt from the touchstone the title of this little book calls for a word of explanation from me in the United States the story appears as the touchstone while it was passing through the press over here I was informed that a novel under this name was already in circulation in accordance with the usual rule of courtesy and convenience which is observed in such matters I decided to alter the title and wrote at once to the author asking permission to call her book the touch of a vanished hand as the author was travelling in Italy a month elapsed before I received a reply by telegraph instructing me to adopt another title which unfortunately has also been forestalled meanwhile the sheets had all been printed off when I was informed that a novel was published in 1889 called the touch of a vanished hand in telegraphing the author gives me no address and as a decision has to be made without further delay I have ventured to give the book the title which it now bears a gift from the grave and I hope that no other claimant to this will now arise about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

traditional biographies are written in third person present the facts of their subjects lives and provide a critical analysis summoned is different while I researched traditional sources each woman in this book speaks in her own voice to tell her story for the last one hundred years science and technology have been the twin gods of the modern world and the focus has been on validating evidence produced by the experimental method the natural feminine energies of intuition vision empathy and creation have been regarded as unnecessary sentimental and extraneous to the progress of the human race as we enter the new millennium these are the very energies needed to heal our society women must break free of the limiting stereotypes that have fettered them and get into action spiritual growth is a

process so let us begin author bio toni ortner has had fourteen books published by fine small presses she lives in brattleboro vermont where she is a board member of write action a nonprofit advocacy group that seeks to strength a community of writers in the tri state region of south eastern vermont she hosts the write action radio show the fourth sunday of each month on 107.7 fm from 5-6 pm where she interviews writers and they read their work the show can be streamed from wvew.org summoned by goose river press and writing with our blood by moon publishing company were published in 2012 in 2013 a white page demands its letters and traveling a perspective will be published by unbound books.com her website is toniortner.com if you need more information about how to order her books as either soft cover or e books keywords spiritual path famous women saints trust god divine inspiration faith

this remarkable book suggests a process for using children's books to explore four key aspects of literacy predictable structures nonfiction comprehension and imagination and language play
